DEATH CALLS FIRST LADY OF THE LAND.

Mrs. Woodrow Wilson, wife of the President of the United States, died at the White House at 5 o'clock Thursday afternoon. Death came after a brave struggle of months against Bright's disease with complications.

The President was completely unmoved by the shock and his grief was heart-rending. He wore up well under the strain, however, and devoted himself to his daughters.

Mrs. Woodrow Wilson, nee Miss Ellen Louise Axson, was born in Savannah, Ga. She was the daughter of Rev. Edward and Margaret Axson. She received her earlier education in private schools at Rome and Savannah, Ga. and later studied at the Art Students' League in New York. She was married to President Wilson at Savannah, June 21, 1889.

She was considered one of the loveliest beauties of the South at the time of her marriage, and was extremely popular both in Savannah and Rome, Ga., where she spent a number of years.

The year of the Wilson Axson marriage coincided with Mr. Wilson's acceptance of a professorship in Bryan Mower college, where as the wife of the young lecturer, Mrs. Wilson attracted much attention by her ready wit and her faculty for charming conversation. She had large brown eyes, her features were small and regular and her head was crowned with a wealth of wavy brown hair.

Three daughters were born to the union—Margaret Woodrow, the eldest, Jessie Woodrow and Eleanor Randolph, all girls of accomplished talents.

The nation, represented in Washington by Congress and the government department, paid tribute Monday afternoon to Mrs. Wilson, whose funeral was held at 2 o'clock that afternoon in the historic East Room of the White House. People throughout the country generally showed their respect in various ways while the services were being held. The government flag flew at half mast.

The Senate adjourned over on Thursday out of respect to the memory of Mrs. Wilson and the House took similar action. All government departments in Washington closed Monday and Tuesday afternoons during the services here and at Rome, Ga.

A special funeral committee of the Senate, headed by the President, Marshall, Senate leaders, the Democratic leader, Senator Gallinger, the Republican leader in the committee, the senior senator from each state.

Under Clark, Representative of Kentucky, the Democratic leader, Representative Mann, the Republican leader, and Representative Marlock, the Progressive leader, and the ranking members of each state delegation composed the committee.

The services Monday in the East Room were held by the Rev. S. Foster Benson, of Princeton, N. J., and the Rev. J. H. Taylor, of the Central Presbyterian church, Washington. Only the family, in state friends, the cabinet, and the members of the congressional committees were present. After the services the casket was carried by a group of police, who have long guarded occupants at the White House, to a waiting train.

A special train consisting of a private car for the casket and the President and his family, a sleeping car for a few relatives and intimates, a dining car and a baggage car, took the party to Rome, Ga. The final services were held in Myrtle Hall Tuesday afternoon.

The people of the United States, without regard to party creed, join in sympathizing with President Woodrow Wilson in the death of his beloved wife. Mrs. Wilson has been in declining health for the past 6 months. Amid all the worries that have crowded thick and fast upon the President the past few months, trying to prevent war with Mexico, urging a dilatory congress to pass important legislation, the bur-

County School Notes

By Miss Virginia Lutten
County Supt.

Our county is entitled to four appointments in the Department of Education of State University. Those who wish to take the teacher's course at that institution will please make further inquiry concerning the appointments.

As the present office is not large enough to contain the teachers library and school records, the sheriff and county superintendent are exchanging offices this week at the court house.

The schools in division No. 4 are manifesting much interest in the school rally to be held at New Hope August 29th.

Walnut Grove school observed "Parents Day" last Friday afternoon. We were glad to see a good number present. The pupils first entertained the visitors with recitations and songs. Later they served refreshing lemonade. This school is taught by Miss Lela Skinner, of Murray.

A part of the school books have been received by the Fulton county dealers. The manager of the depository writes us that they have forces working night and day to get these books to the dealers in the various counties. We hope that by the end of this week that all will be in. The delay in getting the books has somewhat delayed the work of the schools, but this should not keep any of the pupils away from school as they are permitted to use the old books until the new ones are received by the Fulton county dealers.

Mrs. Ollie James, wife of the senior senator from Kentucky, is somewhere in Europe, and her husband has been striving for several days to get into communication with her. He is satisfied that she is safe, as she is traveling with the party in which American diplomats are numbered, and if the occasion arises the senator, through the State Department, can insure her safe return. Mrs. J. N. Chandler, wife of the junior senator from Kentucky, is also in Europe.

Reelfoot Lake is reported to be lower than it has been in years. Owing to the continued drought the waters of the lake have receded to a great extent. Snags are now visible that have never before been above water.

Sheriff Huddleston went to Mount City, Ills., last week after Dan Morris, indicted on a charge of incest at last term of court. He was lodged in the county jail at Fulton.

Mrs. Albert Preater, of Austin, Texas, will arrive this week to visit her brother, Rob. Coalblacker, and Mrs. J. W. Bland.

Misses Mary Kate Lawson and Lillian Milner, of near Fulton, have been visiting Judge W. A. Naylor and family.

The season is half gone and likewise the prices on oxfords, slippers and straw hats.—Millet & Alexander.

D. B. Bryant left Monday for Union City, where he has accepted a position as clerk at the Palace Hotel.

JUDGE FLATT DECIDES ON SPECIAL TERM.

Judge R. B. Flatt, appointed last week by the Governor to fill out the unexpired term of Circuit Judge R. L. Smith, has decided to hold the special term of court called by Judge Smith to try Son Neely on a charge of rape next Monday.

The case will be called at the court house next Monday, and Circuit Clerk Morris has delivered to Sheriff Huddleston the list of grand and petit jurors to try the case. Even after the jurors are summoned, it may be that after he has been indicted, the negro may ask a continuance and the case put off until the regular September term which begins three weeks from next Monday.

Judge Flatt, accompanied by J. B. Evans, J. D. Vin, and J. J. Flatt, all of Clinton, were here Sunday afternoon conferring with Hickman citizens in regard to the trial.

L. O. M. NOTICE.

Hickman Lodge No. 1294, Loyal Order of Moose, requests the presence of every member at their regular meeting to be held at the Odd Fellow's Hall, Aug. 25, 1914, at 8 o'clock sharp, as there is important business to come before the lodge.—C. M. Reynolds, secretary.

Ed Sasseen was shot and killed by Robert Douglas at the latter's home near Concord, Mo., Sunday night. Six bullets were fired into Sasseen either of five of them would have killed. The report says that Douglas had suspected Sasseen of undue familiarity with Mrs. Douglas and he left Sunday night ostensibly to attend church. He returned however to watch the house and found Sasseen in a room with his wife, when he opened fire. A coroner's jury exonerated him.

R. L. Ballow, of near Union City, was in Hickman on business Monday. He has his head in bandages as the result of a fall from a wagon last week. He says that if the wheel had passed over his head that he would have been killed. As it was, the wheel bruised and skinned his head considerably.

Mrs. Maggie Randle returned home Friday after a visit to her daughter, Mrs. Horace Lutten, of Fulton. She was accompanied home by her granddaughter, Miss Margaret Lutten.

T. J. Malone and wife and Miss Mary Berends left Friday for Gibson Wells to spend a few days. They motored through in Mr. Malone's car.

Ira Green, of Nansau, Wis., arrived Tuesday to visit his sisters, Misses Marie and Homer Green.

Miss Lou Barry left Tuesday night for St. Louis after a visit to Mrs. T. A. Ledford.

Miss Cecil Wright returned home Saturday after a visit to relatives at Trimble.

There is more Calabar in this section of
the country than in any other. For a
great many years doctors pronounced it a
fatal disease and prescribed local reme-
dies and by constantly failing to cure
with local treatment, pronounced it incur-
able. Science has proven Calabar to be a
constitutional disease, and therefore re-
quires constitutional treatment. Hall's
Calabar Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is the only
constitutional cure on the market. It is
taken internally. It acts directly on the
blood and mucous surfaces of the system.

case it fails to cure. Send for circulars

OLD EXECUTIVE MANSION TO BE SOLD AT AUCTION.

The old Executive Mansion, the
site of which the Commonwealth
acquired by gift in 1794 as part of
the consideration for choosing
Frankfort for the capital, will be
sold at auction September 12 at
2 o'clock. Gov. McCreary and
the entire state capital commis-
sion will be present on that occa-
sion. The lot, 343 by 150 feet in
dimensions, with the mansion, in
which governors for 100 years, un-
til this year, have lived, will be
offered in parcels of six lots, then
ten lots and then as a whole, the
sale being made in the manner
which will realize the largest
price.

In 1792, when under the first
constitution a committee was au-
thorized to select the location of
the capital, and Lexington and
other cities contended with Frank-
fort for the site, 100 acres of land
were parceled into lots in Frank-
fort, every other one being given
to the state. The old capital site,
the prison and the mansion
grounds were part of the tract.

The last General Assembly passed
an act directing the sale of the
old mansion and the application of
the proceeds to the balance due
on the new mansion. Gov. Mc-
Creary brought the question be-
fore the capital commission at its
meeting last week.

complaint. I suffered from pains
in the small of my back, which
were always more severe if I
stooped or lifted. My back ached
at night and in the morning, I
was very lame. I became tired
easily and occasionally had nei-
vous spells. Headaches bothered
me and I was subject to dizzy
spells, during which there was a
blurring of my sight. When I
caught cold it settled on my kid-
neys. At such times the pas-
sages of the kidney secretions
became too frequent. This was
particularly annoying during the
night and I was often obliged to
get up several times. Learning
of Doan's Kidney Pills, I procured
a box at Hehn & Ellison's
Drug Store. Two days after us-
ing them, I got great relief. After
I had taken one box, I was
cured."

JUST PLAIN WATER.

There are people who actually
drink water at times; there is al-
so "fire water," good bad and in-
different water and the kind we
have at Hickman.

But most of us realize the im-
portance of pure water when we
can't get any, though ordinarily
we never give it a thought.

Do you know, for instance, that
seventy-five per cent of the
carcass you carry around when
you put on your clothes in the
morning is water? That, assum-
ing the scales register you at 150
pounds, 113 of those pounds would
go up in steam if you should hap-
pen to get in a very hot place.

Well, that's a fact. A man is al-
most as well watered as some
railroads. And here's another
fact: just to keep the mixture in
you at the right degree of fluidity,
just to make up for the body's
exaporation and leakage through
discharges, you need every day
to take into you through food and
drink, an ounce of water for ev-
ery pound and seven eighths that
you weigh.

Say you weigh 150 pounds, that
means that you need a daily wa-
ter dosage of more than a half gal-
lon, simply to keep from becoming
crusty, rusty and dusty.

But there is one thing about
water as a beverage, it hurls all
hallow any brand of bear beer in
Hickman, and you don't need to
be afraid of an overdose. It
cleans the "innards" as a rule
fall does sewer—so don't be afraid
to go to it heartily and often.
Here's looking at you!

Summer Constipation Dangerous.

Constipation in summer time is
more dangerous than in the fall,
winter or spring. The food you
eat is often contaminated and is
more likely to ferment in your
stomach. Then you are apt to
drink much cold water during
the hot weather, thus injuring
your stomach. Colds, Fever,
Typhoid Poisoning and other ills
are natural results. Pe-do-Lax
will keep you well, as it increas-
es the bile, the natural laxative,
which rids the bowels of the accu-
mulated poisoning waste. Pe-do-
Lax will make you feel better,
pleasant and effective. Take a
dose tonight. See at your drug
gist.

\$40,950,000 DAILY COST OF WAR.

With the present situation in
Europe in mind, Prof. Charles
Richey, of the University of Paris
two years ago compiled a table of
the daily expenditures in a gen-
eral European war. Estimating
that 21,000,000 men would be put
in the field by the fighting pow-
ers, Prof. Richey's estimate of
the daily cost of such a strug-
gle follows:

Food of army \$12,000,000, feed of
horses \$1,000,000, pay (European
rates) \$4,250,000, pay of workmen
in arsenals and ports \$1,000,000,
transportation (60 miles, 10 days)
\$2,100,000, transportation of provi-
sions \$4,200,000, munitions: in-
fantry, 10 cartridges a day
\$4,200,000, artillery, 10 shots a
day \$1,200,000, marine, 2 shots a
day \$4,400,000, equipment \$4,200-
000, ambulances 500,000 wounded
or ill (\$1 per day) \$500,000, ar-
mature \$500,000, reduction of im-
ports \$5,000,000, help to the poor
(20 cents a day to 1 in 10)
\$6,800,000, destruction of towns,

Because the recent legislature
failed to include the enacting
clause, Kentucky's law calling for
a 2-1-2 cent passenger rate on all
railroads of the state was held in-
valid by Judge James P. Gregory

Prior to the legislature now held
to be unconstitutional the Louis-

nounced that it would reduce the
cost of mileage on its lines in
this state from 3 cents to 2 1-2
cents a mile.

SHOCKING DEATH TO YOUNG LADY.

Instant death came to Miss
Myrtle Holt, 23 years old, of near
Ragland, Ky., when a horse which
she was attempting to ride on
the farm of her father, Lawrence
Holt, ran away and threw her to
the ground, breaking her neck.
The tragic accident occurred Wed-
nesday afternoon of last week.

Miss Holt went into the pasture
of the farm with her brother to
catch one of the horses. One
was caught and a bridle put on
him, after which she wanted to
ride him out of the field. Her
brother protested, but she urged
him to lift her on the horse, which
he did. The animal suddenly
broke away and ran madly down
the field, throwing her to the
earth with fatal results.

Such occurrences as that Tuesday will close up his presence place. Residents of that neighborhood have been making complaints for the past week or two. GOOD ROADS PROVERBS.

The United States Good Roads Association has issued a set of maxims in which people generally should be especially interested. Among them are those of homely wisdom:

If the roads around town or land, it might as well be on an island.

You can have any kind of road you are willing to pay for, the poorer they are, the more you pay.

Good roads means that you can come to town with twice the load in half the time you used to.

Good roads are easy on you, easy on your horses, easy on the wagon, easy on the barnyard.

A farm ten miles from town on a hard road is nearer than a farm five miles from town on a soft road.

Good roads will increase health, wealth, happiness, education, morality, civilization and prosperity.

Good roads will decrease ignorance, poverty, discouragement, back taxes, sheriff's sales and grumblings.

All talk and no work will not make good roads.

NEAR MAYFIELD.

At the village of Boaz, 10 miles north of Mayfield, on the Illinois Central railroad, John Newman, a merchant, shot and instantly killed Charlie Boren Friday. Newman was then stabbed to death by Walter Boren, brother of man Newman killed. Newman was stabbed in 20 places on the body and his throat cut on both sides in a horrible manner. His body was almost cut into threads and he fell dead in pool of blood.

Newman and the Boren brothers had previously had trouble, and Newman was being assaulted with rocks at his store by Walter Boren, it is said, which precipitated the double tragedy.

Walter Boren was placed under arrest Saturday afternoon at his home and brought to Mayfield and lodged in jail.

ONE THOUSAND
MOONLIGHT SCHOOLS.

One thousand moonlight schools will open their doors to men and women, educated, half educated and illiterate on September 7, 1914, it is estimated by the Kentucky Illiteracy Commission, from reports received at its office from county superintendents and teachers. Montgomery, Lincoln, Hardin, Clay, McCreary, Mercer, Grayson, Clinton, Pike, Leslie, Campbell, Kenton and other counties are preparing to make war on illiteracy. September 7th is to be the evening of the opening for Moonlight Schools in the state. It being Labor Day, a canvass of the districts will be made by the teachers on that day to urge men and women to attend.

"1000 Moonlight Schools to open September 7th—50,000 adults enrolled, 10,000 illiterates taught" is the slogan of the Kentucky Illiteracy Commission for September.

EIGHT HOGS GO MAD.

Much excitement was caused in the Three Forks neighborhood when eight hogs belonging to Jas. Renick, a well known farmer of Three Forks, who is at Bowling Green taking the pasteur treatment, went mad, caused from being bitten by the same dog which bit Mr. Renick two weeks ago. The hogs were shot before they bit any person. Mr. Renick had about sixty hogs, which leaves about fifty-two and it is thought the remaining number have been bitten and will have hydrophobia.

Mr. Renick and his little niece were bitten at the same time, but by different dogs.

Rev. J. E. Stuart has tendered his resignation to the congregation of the First Christian church in Union City as pastor, and under a general protest it was accepted last Sunday at the regular service. YOUNG FARMER
DRINKS POISON.

Coy Cobb, the 22 year old son of Bert Cobb, living in the Farmington section of Graves county, was found dead Saturday morning in the field where he had gone to work.

Beside plow on which he was working was found a bottle of carbolic acid, from which he had swallowed an ounce, which caused instant death.

The cause of him taking the poison is not known unless it was from worry over religious matters as it was claimed he was asked by several to join the church at a meeting which was held close to his home.

He was found about twenty minutes after he had taken the poison and removed to the home of his father, Bert Cobb, on whose farm he was working.

Besides many friends, he leaves to mourn his death a mother, father, two brothers, Neely and Luther Cobb, and one sister, Miss Maud Cobb.

SICKENED BY CALOMEL.

If you ever saw anyone made sick by calomel you won't want any more calomel yourself. There is no real reason why a person should take calomel anyway when fifty cents will buy a large bottle remedy that perfectly and safely takes the place of dangerous calomel, which is only another form of deadly and poisonous mercury.

Dodson's Liver Tonic is a pleasant tasting vegetable liquid which will start the liver just as surely as calomel, and which has absolutely no bad after-effects.

Children and grown people can take Dodson's Liver Tonic without any restriction of habit or diet. Hickman Drug Co. sell it and guarantee it to take the place of calomel, and will refund your money at once if it fails in your case.

Successful Democratic candidates in Mississippi county last week: Congressman, J. J. Russell; Representative A. R. Boone; prosecuting attorney, W. E. Small; Collector, Roy A. Strickland; County Clerk, C. E. Kirkpatrick; Probate Judge, J. F. Martin; County Judges, G. W. Langsdale, L. B. Presson, J. R. Vaughn.

In writing up the candidates, Editor Bright in the Charleston Enterprise has the following to say of Professor A. R. Boone: A. R. Boone, nominated Tuesday by the Democrats, to represent Mississippi county in the legislature, was born at Clinton, Ky., educated in the public schools and colleges of that town, taught in public schools of Kentucky, was one year first assistant in Charleston public schools, seven years superintendent of Charleston public schools and served four years as school commissioner of Mississippi county. He also had charge of the Hickman, Ky., college for three years. He was elected county treasurer for two terms and made the race two years ago for Lieutenant Governor. He was placed on the Democratic ticket to fill the vacancy caused by the death of W. T. Marshall. Mr. Boone is unquestionably a Democrat and conscientious gentleman and will carry the full strength of the party in the general election.

BOB FLATT, OF CLINTON,
NEW CIRCUIT JUDGE.

Gov. Jas. McCreary Thursday afternoon at 2:30 o'clock appointed Robert B. Flatt, of Clinton, to fill out the unexpired term of Circuit Judge R. L. Smith, of Clinton, who died recently from the effects of carbolic acid taken by mistake.

Mr. Flatt is a prominent attorney, of Clinton, and well known over the lower counties. He is a native of Hickman county and one of the most favorably known lawyer and politicians. He is a son of Rev. James Madison Flatt, who has been prominent for years in the Methodist church in West Kentucky and West Tennessee.

Robert Burk Flatt was reared upon a farm, attended first the county schools and there he laid a firm foundation for an education, which was completed by a three years' course in Marvin College, of Clinton. Under the Hon. N. P. Moss, of Clinton, he studied law and was admitted to the bar in September 1895. He has risen rapidly in his profession.

He has served city attorney of Clinton and county attorney of Hickman county. Mr. Flatt is a member of the Methodist church and a lawyer of no mean ability. On Dec. 22, 1900, Mr. Flatt was married to Miss Anna McCullum, of Arkadelphia, Ark.

Judge Flatt will hold his first term of court for Fulton county in Hickman at the regular November term.

WAR SITUATION
BRIEFLY TOLD.

The European war situation this morning is about as it has been for the past few days. The strict censorship exercised by the powers at war has made it extremely difficult for newspapers to get any authentic news from the front. However it is expected that decisive battles both on land and sea will soon be fought. Unverified rumors are about all that is being sent out. The governments have not given out anything official, and reports are likely to be exaggerated, when they are given out. Germany has found that the forts near Liege cannot be taken by storm and are getting their big siege guns in position to reduce the works. Meanwhile, reports indicate that the Germans are executing a flank movement to get around the forts into France.

A Dutch dispatch says terrific cannonade was heard near Tongres, north of Liege. Two divisions of German cavalry with artillery reported there.

Belgium again scene of fighting. Belgian and French outposts contending with Germans. German commander at Liege denies loss of 20,000. Says forts will be taken without loss of man when German heavy artillery arrives. Intimates assaults stopped by emperor's orders to avoid needless sacrifice.

French foreign minister declares all surrounding forts at Liege intact.

Brussels dispatch reports German army leaving Liege, advancing toward French frontier through heart of Belgium.

French foreign minister describes position in Alsace as good. Troops occupy crests and passes of Vosges mountains.

Belgium anticipates attempt by Germany to cross Dutch territory. Has requested Holland to state intentions regarding resistance to breach of neutrality.

Sveabork, Russian fortress in Finland, awaits bombardment or battle. Commander orders all civilians to leave there and also Helsingfors.

Paris reports Montenegrin troops occupying Tarabosch, overlooking Scutari, Albania, where fighting between Montenegrins and Turks occurred in Balkan war.

Nice ones this week and next. Phone 17 or 30.

L. P. Ellison.

Several of the younger set of girls and boys enjoyed a jolly house party given at the home of Mr. and Mrs. D. M. Harper last week in honor of Misses Winnie Harper and Nina Isbell. With lots and lots of good things to eat at all times during the day and plenty of nice games time sped swiftly. Some of the main amusements were a picnic in the woods, lawn party, hay ride, and a full dress reception when the little Misses were dressed with long dresses and hair combed high. Melons, peaches, cream, cake, etc., were served and very much enjoyed at any and all hours. Those present were Misses Lois and Mildred Curlin, Louise and Helen McMullin, Helen Walker, Hallie Swift, Daisy Edwards, Bernice Harding, Winnie Dee Baird, Mabel Benton, Nina Isbell, Winnie and Elizabeth Harper, Messrs. Andrew Harding, Marshall McDaniell, Kent Hanby, Marshall Walker, Errol Patterson, Harry and S. B. Isbell, Leonard Wilson.

Chas. Kingman, of Titusville, Fla., came in this morning to spend several days with his sister, Mrs. J. H. Millet.

WEATHER: Unsettled tonight and Friday.

THIRD DEATH FOLLOWS
THE AFFRAY AT BOAZ.

Three deaths is the total result to date of the knife and pistol battle fought at Boaz Station last Thursday night between Charles and Walter Boren, brothers, and John B. Newman. Charles Boren was instantly killed during the melee with a shot through his heart from Newman's revolver. Newman was so injured from twelve knife wounds that he died a short while after and at 3 o'clock Tuesday morning Walter Boren, who during the scrap was accidentally stabbed under the left eye, died in the county jail at Mayfield. The latter's death was due to spinal meningitis, which complication was brought on by his wound.

Boren's wound was not considered serious at first, but Monday his condition was such as to warrant a postponement of the preliminary trial. He grew rapidly worse and at 3 o'clock he expired. His death is said to be the result of an accident, as it is asserted that he and his brother were armed with knives, while Newman had a revolver.

According to stories told of the affray by eyewitnesses, the two brothers advanced upon Newman with knives, at which he fired, killing Charles Boren. Walter Boren is then said to have grappled with him and slashed him a dozen times in the body. The aged father of the Borens is also alleged to have been in the fight, and he is in the county jail at Mayfield under the charge of murder, having been arrested Monday. He denies any connection with the affray.

Mrs. C. B. Travis delightfully entertained the Embroidery Club Friday afternoon from 4 to 6. Punch was served as the guests arrived and at the close of the evening cream and cake. Those having the pleasure of being present were: Mesdames A. A. Farris, Sam Kingman, Jessie Dillon, E. B. Prather, F. M. Maddox, W. H. Baltzer, S. Hewitt, Mary Lagon, R. B. Brevard, J. M. Hubbard, Pauline Shumate, L. H. Kilpatrick, H. N. Cowgill, F. S. Moore, J. T. Stephens, J. H. Millet and Miss Marie Brevard. Out of town guests: Mrs. Will Kilpatrick, of Memphis, and Misses Sadie Kate Brevard, of Union City, and Gerald Steele, of Charleston, S. C.

Another killing was staged at Mayfield Sunday morning when Will Holland shot and killed Charlie Holcomb. Holcomb is said to have been a horse trainer. The particulars of the tragedy could not be learned here, but it is rumored that the two men quarreled over a game of chance and the killing followed. It was understood Holland was arrested and is in the hands of the law. It was said he would claim self-defense.

Misses Nina Isbell and Winnie Harper returned last week from a visit with friends in Union City. While there these little Misses enjoyed the new swimming pool to the extent of learning to swim with water wings.

Deputy Sheriff Naylor arrested Will Readmore, John R. Brown, and Curly Johnson Tuesday, on warrants charging them with disturbing public worship. Their trials will be held Saturday before Judge Stahr.

Roy Lewis, a negro, was arrested yesterday morning by Deputy Sheriff Naylor. He was fined \$5 and costs by Judge Stahr on a charge of breach of the peace.

Miss Nellie Bondurant left Tuesday for Memphis and Somerville, Tenn., where she will attend a house party given by Miss Pauline Holston.

L. A. Stone left Sunday for Hot Springs where he will spend a few weeks.

DROUGHT BROKEN.

The long looked for rains came first of the week, the first of any consequence since May. Everything was dry and the dust in places six or eight inches deep. Crops were drying up and stock water was scarce. It was the longest drought experienced in this section since 1817. Corn and tobacco crops suffered greatly and shortened in acreage as well as in yield. Cotton stood up remarkably well, and will make at most a normal yield. Later crops were much benefitted.

Those farmers throughout the county who have road dragging contracts were busy Tuesday and Wednesday, and the roads have been put in pretty good condition.

W. S. Swift returned first of the week from a visit with home folks at McEwen, Tenn. Mr. Swift will probably embark in business on Clinton street about the first of September.

Miss Marguerite Fugna returned yesterday from Chautauque, N. Y., where she has been taking piano and vocal lessons.

THE BIG FAIR

At Fulton, Ky., Sept. 1, 2, 3, 4 and 5. Better Than Ever.

At no time during the history of the Fulton County Fair has such extensive preparations been made to entertain the crowds that will attend. Many new features will be introduced never before witnessed in this section of the country. The racing program and show rings will be unusually good. The exhibits will be larger and better than ever. The music and automobile racing extraordinary. In fact, not a dull moment during the entire five days.

Special low rates and accommodating railroad service make it convenient for everybody to attend the fair, the biggest and best in the history of Fulton.

Meet me at the Fulton County Fair, Fulton, Ky., Sept. 1-5.

Nifty-two tickets were sold for the excursion for negroes to Paducah Tuesday night.

LOST: Song "Garden of Sweden," on Clinton street. Return to this office.

JUDGE STAHR'S COURT.

The following Commonwealth cases have been disposed of by County Judge Stahr since our last report:

Monday: H. L. Martin, carrying concealed weapon, fined \$50 and costs, 10 days in jail and disfranchisement for two years. Martin was arrested by Policeman Joe Wall. He is from Carlisle county and was here on a visit.

Saturday: Abbie Jones, colored woman, breach of peace, sentenced, fined \$11 and costs.

Jeff Darnell, malicious cutting in sudden heat and passion, fined \$50. He and Garland Johnson got into a difficulty at a barbecue held in the bottom last week. Johnson was given the minimum penalty for carrying a pistol, but has not yet begun serving his sentence on account of his injuries.

Bob Ellis, breach of peace, fined \$11.

Friday: Geo. Pewett was tried for insanity and ordered to the asylum at Hopkinsville.

Unto You, Young Men, We Write

It has been asserted that every man can live within the limit of his income; and of the average young man, at least, it is doubtless true. At all events the necessities of life are very cheap and very small, indeed, must be the wage that will not permit a young man to support life soberly and decently. It is the luxuries that come high, the unnecessary cigars, the indulging in liquors, the questionable entertainments, the betting, the card playing, trying to updo those in better circumstances. These are the things for which young men generally go into debt for, not for the necessities of life. For the "hunks of swine" verily, that mortgage themselves, soul and bodies. For the sake of gratifying his vanity of dressing as well as others who have more than double his means; by wishing to appear what he calls as up-to-date as his friends or boon companions many excuses of Esau, whose necessity was at least real. His wants are imaginary, and their gratification only serves to create an army of unlawful desires, which drag him lower and lower into the slough of debt, despondency and degradation, until manhood, hope, enthusiasm, self-respect—all that makes life dear—goes out in darkness. "A contented mind is a contented feast," but a feast that can never be enjoyed by the victim to debt.

Thank You.

It is in the home with those we love best we fail to say "thank you." The wife scarcely thinks to speak the simple words when her husband restores to her the handkerchief she has dropped or rises and gives her the easy chair which he has occupied until her entrance. And how sadly often does the young girl forget to express gratitude for the numberless little things the patient mother does for her. It is taken for granted that mother shall neatly mend the ripped glove or sew the missing button on the shoe, or put the eucalypt in the neck of her daughter's gown. The girl does not say "she is here to do these things," but her actions speak louder than words in the depths of her heart the most loyal mother must sometimes miss and long for the speech of affectionate thanks. Many of the acquisitions of life bequeath matters of habit. Would it not be well for us in our homes to cultivate the habit of saying "thank you."

"Train up a child in the way he should go, and when he is old he will not depart from it." This motto will hold good in most cases. They will approach their mother and ask to do this, which she will forbid, they will insist on it, but she will not consent, and eventually they will resort to tears (or rather howl) which they know full well will gain the victory. Mother will say, "well, go and do if it nothing else will satisfy you." Right here you have given your child room to doubt your veracity. We have seen children of a few summers stand up and tell their mothers they would not do a thing she has firmly commanded them to do. That is fearful to think of, and more than likely that mother will drink the cup of sorrow to the dregs, and that child will bring her gray hairs with sorrow to the grave.

Many college bred girls never teach. They go out in the world and raise the average intelligence; they elevate their own households and exert an influence in the sphere of the private citizen. The standard is raised at home, and home is the fountain head. Women who marry after being liberally educated take more satisfactory missions than they otherwise would have made.

Gathered Fragments.

Love needs no label.
The only way to have a friend is to be one.
The future holds no failures to the eye of faith.
Fast living makes fast links in the devil's chain.
God measures by motives, men by mistakes.
God never forgets the man that forgets himself.
A mother's tears are the same in all languages.
There is good in all to the man

SIT TIGHT! DON'T
ROCK THE BOAT.

Sit tight! Don't rock the boat! That's the watchword today. That's the first duty of every American at this moment. That's what this country needs to keep it straight and safe and true to its course—absolutely all it needs.

Business conditions are sound. We have one of the greatest grain crops in history. Its value has already greatly advanced. We have a sound financial system, backed by the greatest store of gold in the world. Our banks are solid, safe. There is nothing the matter with the United States.

War will mean an unprecedented demand for supplies. Experts declare American business will feel a great impetus. While other nations destroy, this country will produce. While other nations are armed, this country will be a farm, a factory, a forge. Trade extension is predicted in all directions. The immediate future is plain.

The national administration is acting wisely, promptly. The sum of \$500,000,000 is available, under the Aldrich-Vreeland act for an emergency. The organization of the reserve board will soon be complete. This will enable us to deal more effectively with the outflow of gold. Plans are perfecting to prevent American registry of foreign vessels. This will protect and develop our commerce.

We are preparing to maintain strict neutrality. Questions may arise with foreign nations as to what constitutes contraband. Such questions cannot conceivably involve us in difficulties. They will be settled by the ordinary processes. The general principles of neutrality and neutral commerce are plain. The United States will adhere rigorously to them. Friendly intercourse as far as circumstances permit, will be its rule and its procedure.

Stock exchanges have closed—a wise precaution. This country cannot be the dumping ground of the whole body of securities that war and Europe is anxious to convert into money. The closing is temporary. Elsewhere there is no prospect of interference with the orderly processes of American business. Stable conditions are here. All we have to do is to keep them stable.

The administration has decided to appeal officially to the public to help maintain existing satisfactory conditions. The public cannot fail to respond. The only danger is one which it may create itself. Its course is simple. All it has to do is to sit tight, to do nothing to disrupt the fortunate condition in which this country happily finds itself.

Don't rock the boat—that's the central idea! The swell from the great battleship "Europe" will be felt. But it will not hurt us. It need not even break over the sides. There's nothing the matter with the boat that we are in. Straight and strong, well-sound, well-caulked, well-timbered, with reasonable guidance it will bear us safely and prosperously through.

Sit tight. Don't rock the boat! Keep its head well up against the sea! Don't let it get into the trough of the waves! Let every man realize that at this moment calm confidence and calm thankfulness are the first duty. They are absolutely justified by the favorable situation in which we find ourselves. They are the certain guarantee of a continuance of those conditions.

Already conditions are improving. Clearing house certificates in a number of cities are being called in and in a short time the fact that precautionary measures were taken will be forgotten.

TO MAKE SALT BEADS.

Take a cup of fine table salt and heat it very hot. Dissolve one-half cup corn starch in one-half cup of water. With the corn starch solution mix the coloring matter, which may be bluing, Easter egg dye or coal ink for salmon pink. To make black beads use black ink. Remove the salt from the fire and add the colored mixture. Work with the hands into a smooth dough. Wrap it in a damp cloth and break off pieces of equal size, molding them into beads. String beads on a hat pin, a knitting needle or a fine wire, and dry several days. They shrink in drying. To polish, rub the beads with a cloth which has been dipped in sweet oil. String with steel or gilt beads between the colored ones. Pure white beads alternated with gilt beads are pretty.
